Lifelong Nursery-
man and Farmer

Above is a recent photo of our office, fronting the modern shipping room and storage. Located on U. S. 12 about 6 miles south of St. Joseph, Michigan, and 85 miles from Chicago. In the Heart of the Fruit Belt and great middle west!

CLIFFORD EMLONG
1944 President
Lifelong Nurseryman

THREE GENERATIONS OF NURSERYMEN! Emlong's have been growing nursery stock and fruit for over 60 years! Our pioneer standards of honesty are still effective!

An Emlong expert selecting propagating buds from a heavy-bearing apple tree. Only the finest up-to-date strains are used, and budded on whole-root stock.

Field of one-year-old Emlong fruit trees showing height compared with average man. Note the clean foliage, vigorous habit of growth and well-balanced, branched tops.

Fruit trees grown by Emlong's are so full of pep that they often start bearing in the nursery rows. Many customers report picking some fruit first and second year.

World's Finest Breeding

Good breeding is important in nursery stock. Good stock thrives more rapidly, bears quicker, and bears more **A-Grade fruit**. Emlong's are surrounded by orchards bearing the finest up-to-date strains of fruits. From these orchards our experts cut buds from state-inspected trees which show the biggest and best fruit. We use the finest grade of understocks for budding.

Our modern machinery for soil tillage, fertilization, spraying, irrigating, digging, assure you trees and plants with maximum **bearing and blooming power**.

Grown in the Fruit Belt

Both soil and climate are ideal for growing plants and trees, here in the great northern fruit belt. Stock is sturdy, hardy, and full of vitality. Stock is inspected twice in the field each year, and once again in the warehouse, by State Inspectors. Each shipment bears a copy of our state certificate, assuring you of receiving disease-free stock.

Praised for Dependability

Because Emlong's lead in Quality, Service and Values, our thousands of customers gain new customers for us every year. Last year our friends brought us 12,000 new customers! We greatly appreciate this loyal co-operation on your part, and try to reciprocate by sending you finer nursery stock at greater values. Plants and trees with our famous "perfect-circle" roots: (1) Are sure to grow. (2) Grow quickly. (3) Bear young. (4) Yield heavily. (5) Produce first-class fruit, which—(6) Brings you highest profits from your investment. **WHEN BUYING NURSERY STOCK, BE SURE TO INVEST YOUR MONEY IN PROVEN VALUES.** Emlong's lead in dependability!

Guaranteed

Emlong-grown stock is guaranteed to **reach you in finest growing condition**. (We will replace damaged stock **free** if claim is mailed within 3 days after you receive it. Have your Postmaster or Express Agent sign a damage statement.) Emlong stock is **guaranteed to grow and live**. If it fails, notify us of loss **within 30 days after planting**, and we will replace it during the **next planting season**. **Guaranteed true to name**. (If found to be otherwise we replace **free** on due proof of untruthness.) This written guarantee is for your protection, and is backed by **Emlong, the largest grower in the fruit belt!**

Assure Quick and Abundant Crops

READ BEFORE ORDERING

General Terms

Send Money Order, Check, or cash in registered letter. Please send full amount if possible, to reduce office labor. Orders amounting to over \$10.00 may be reserved with a cash payment of one-fourth or more, and balance paid before shipping time. Or, you may pay the balance C. O. D. if you check this method on order blank. **No orders shipped C. O. D. without a deposit.** No discount on C. O. D. or part-payment orders. No C. O. D. orders shipped after May first. **See paragraph at the right.**

Time to Plant

Items shown in this catalog can be planted in March, April and May. **Order as soon as you receive the catalog.** We will ship at proper planting time for your locality. **Dormant trees, shrubs, etc.,** can be shipped early to Southern States. Perennials and Strawberry plants cannot be shipped until our ground thaws.

Shipping Information

Small nursery stock can be sent by parcel post. Perennial flower plants, bulbs, and up to 100 Strawberry plants are sent postpaid. All other items are sent Parcel Post or Express Collect. **We recommend collect shipment, as it automatically insures the parcel while in transit. STATE YOUR NEAREST EXPRESS OFFICE ON THE ORDER BLANK.** We will route the shipment by the quickest and cheapest method. Freight shipment is not advised. Generally, up to 10 Shrubs, Rose Bushes, or small trees can be sent by Parcel Post economically. Larger numbers and sizes by Express, delivery charges average about 12% of cost of stock, but this varies greatly with kind of stock and size. It is impossible to estimate weight of stock until packed for shipment.

Emlong's References

Over 200,000 satisfied customers in every part of the U. S. A. Also Farmers & Merchants National Bank, Benton Harbor, Mich.; Postmaster and Railway Express Agent, Stevensville, Mich. Any business house in Berrien County, Mich. Members of National and Michigan Associations of Nurserymen.

Garden for Victory

Fruit gardens and home orchards give you fresh, vitamin-filled foods at lowest possible cost. They assure your family of having these necessities to good health, even when they are scarce on the market. If you have extra land, grow enough to sell to your neighbors. Fruit pays more than ordinary farm crops. It's not only easy and thrifty, but also patriotic to garden. Plant a wealth of flowers to boost morale. **PLANTS AND TREES ARE NOT A LUXURY—THEY ARE A NECESSITY AND A WONDERFUL INVESTMENT—IN MANY WAYS!**

**Don't Wait
Order Today!**

ITEMS LISTED IN THIS CATALOG WILL BE RESERVED FOR YOU AS LONG AS THE LIMITED SUPPLY LASTS. MANY ITEMS WERE SOLD OUT EARLY LAST YEAR! DON'T WAIT UNTIL PLANTING TIME—RESERVE YOUR NEEDS AS SOON AS YOU RECEIVE THIS BOOK! WE SEND YOU A RECEIPT, AND SHIP AT PLANTING TIME. FIRST ORDERS WILL RECEIVE FIRST ATTENTION.

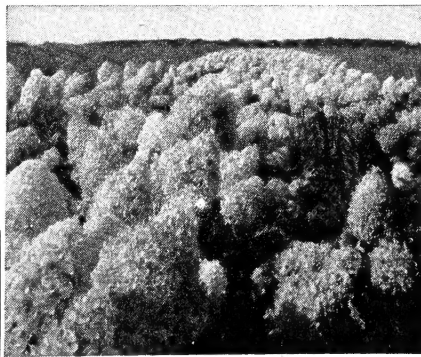

10% DISCOUNT
IF YOU SEND FULL CASH WITH ORDER DURING JANUARY. DEDUCT 10% ON ALL STOCK EXCEPT BARGAINS AND COLLECTIONS.

Visitors come from every state to see Emlong's Rose Show during summer months. Flower gardens on U. S. 12 about 6 miles south of St. Joseph, Mich.

Hydrangea P. G. shrubs growing in an Emlong field. Note vigor of bushes, size and quantity of blooms in August. Our shrubs are famous for sturdiness.

Like other American women, Mrs. Clifford Emlong selects and cans fruit for her family, co-operating with home canning program. Mr. Emlong is chairman of Victory Garden Club.

Sensational Bright

ENDORSED BY BIG GROWERS

Famous REDELBERTA

(U. S. Pat. No. 232. Trade Mark Reg.)

With its flaunting bright red-all-over dress, this gorgeous daughter of Elberta is truly Queen of Peaches! On the tree and in the basket, it captures the eye quickly with its beauty. Reddens on the tree, long before ripe. Can be picked and shipped to distant markets while ideally firm. Takes "A" rating for quality.

Redelberta has a rich, delicious flavor. Sweet and juicy. Free from graininess and bitterness. A top dessert and canning peach. Bears a full crop of uniform fruit every year. Hardy as Elberta. Perfectly freestone and self-pollenizing. Ripens a week to ten days before Elberta. **RESERVE TREES TODAY—SUPPLY LIMITED THIS YEAR.**

you last spring made 100% growth.
Many have grown 40 inches this summer!
We are very highly pleased."—
J. E. Betts, Pa.

Famous REDELBERTA PEACHES

The Ever-Popular HALE-HAVEN EMLONG'S REDDER STRAIN

Second only to Elberta in popularity! Hale-Haven is one of the finest shipping and canning peaches ever grown. Every peach is a great big handful of rich, snappy, tempting goodness. Juicy, brightly colored, and with a flavor you never forget.

Hale-Haven peaches color rich orange all over, with deep blushes of carmine-red nearly covering the surface. Brilliantly colored, long before ripe. Ripen about 15 days ahead of Elberta, at a time when the market needs and pays for good peaches. Freestone, perfectly self-pollenizing. Ranks A-1 for hardiness and yield. Pollenizes other varieties.

Scarlet Peaches

BRING GREATER PROFITS

Flaming REDHAVEN

The first half-bushel of Redhaven Peaches, when placed on the Benton Harbor, Michigan, market, brought \$30.00. Since that time, news of this wonderful new EXTRA EARLY bright red peach has spread rapidly. Last year we could not fill half of the orders for trees. This year the supply is still not sufficient, but while they last you may obtain the genuine Emlong's "Pride-O-Mich" brand REDHAVEN TREES in limited quantities.

FAMOUS FLAVOR—BRIGHTEST DRESS

Redhaven has been thoroughly tested by large peach growers. It ripens right at the beginning of the early peach season. Colors bright red long before ripe. Can be shipped and sold while still in firm condition. Famous "Haven" flavor is bred into it. Fine, golden, sweet, juicy flesh.

RANKS WITH LEADERS

Definitely in the "quality class" with the big money-making peach varieties, Redhaven should be planted in every orchard. Trees are hardy, bear young, produce heavily. Fruit is perfectly freestone and self-pollenizing. Ripens before Redelberta. **ORDER TREES EARLY!**

O'Boy

THE PERFECT PEACH

Trade Mark Reg.

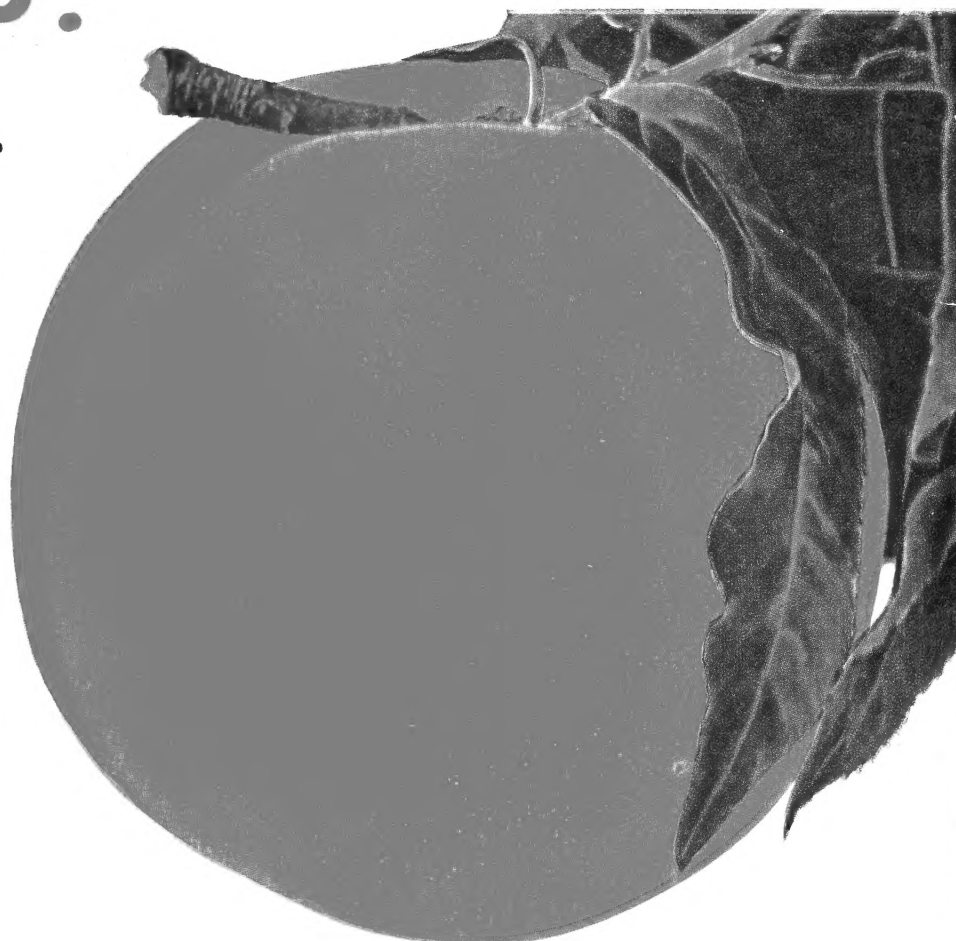

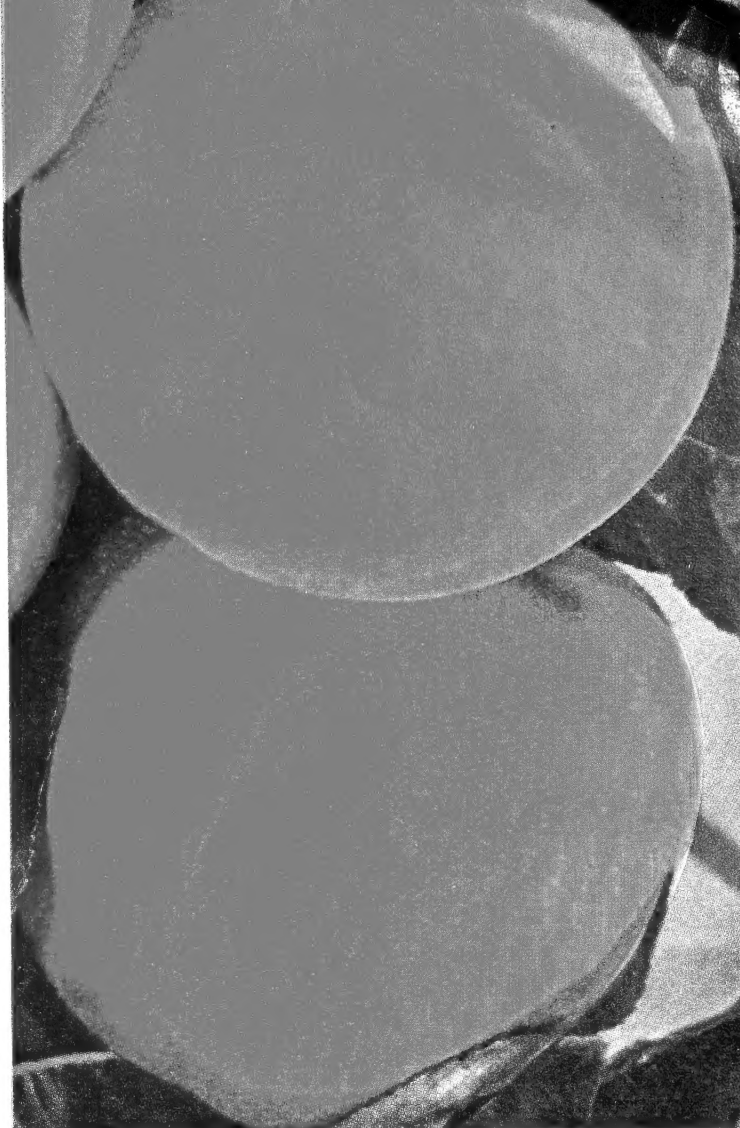

Here is the largest, richest, most beautiful peach in the world! O'Boy is round and uniform in size and shape. Skin is glowing orange, blushed all over with deep, dark red, even before ripe! Whether eaten fresh or canned, O'Boy has the richest flavor of any peach. Flesh is orange. A sunburst of bright red around the pit glorifies the flesh and lends a beautiful color to the canned fruit.

O'Boy fruit is so large, it makes other peaches look small! Even little 3-year-old trees bear a big crop. Firm of skin and flesh, they ship well. Perfectly freestone and semi-fertile. Very hardy. Ripens when Elberta is finishing and always brings a fancy price. (Prop. rights reserved by Emlong.) **SUPPLY LIMITED—ORDER EARLY.**

Below: ELBERTA

Above: J. H. HALE

Emlong's Flavorful **J. H. HALE**

Here is one peach which never loses its popularity! And we never have enough trees to fill our orders! That proves it's mighty good.

Most richly flavored, fine-textured golden flesh. Skin is clean, bright yellow, nearly fuzzless, and deeply blushed with dark carmine-red. Extra-large, round, uniform fruit. Freestone. In great demand for fresh desserts, canning, shipping, storage. Makes big money for everyone who grows it!

As J. H. Hale is semi-fertile, plant a good pollinizer peach every third row in the orchard. Ripens with late Elberta, and is as hardy as Elberta.

PRICES J. H. HALE TREES ABOVE.

World's Greatest Peach **ELBERTA**

No other peach has attained such universal success and made so much money for growers everywhere! Genuine Elberta peaches are roundish oval, with golden yellow skin, deeply blushed carmine-red. Flesh is richly flavored, fine and firm, deep gold color.

Wonderful firmness makes Elberta the leading storage, drying, canning, shipping peach. Freestone, and self-pollinizing type. The trees are vigorous growers, prolific bearers, and hardy as peaches can be.

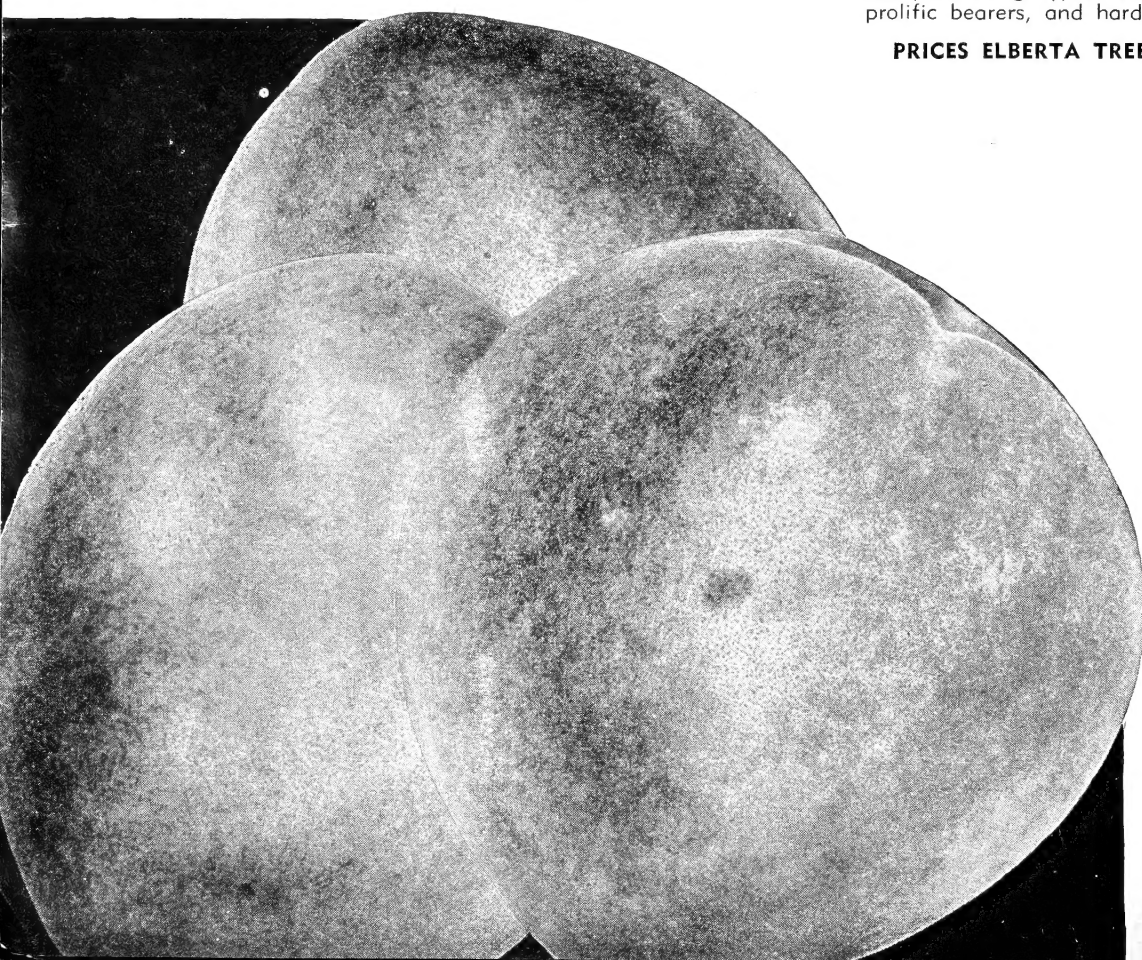

PRICES ELBERTA TREES ABOVE.

EARLY DISCOVERY *White Honey Peach*

Better than other white peaches because it has such a rich flavor and pleasing fragrance. Very beautifully marked with red. **Extremely hardy.** Freestone, self-pollinizer. Ripens in July. **PRICED ABOVE.**

ROCHESTER *Early Delicious Peach*

Blazing red cheeks and splash marks on orange skin! Round, beautiful. Most deliciously flavored peach! Ripens extra-early and is extremely hardy. Big yielder, perfect pollinizer. Freestone. **PRICED ABOVE.**

FERTILE HALE

The good old "Hale flavor" makes Fertile Hale popular. It's an Elberta-Hale type peach which ripens after Elberta, often adding as much as 20 per cent to your peach profits! Excellent quality, fine, firm golden flesh. Colors more than Elberta. Ranks high in hardiness, yield, canning and shipping quality. Trees are self-pollenizing. Freestone. **U. S. Patent No. 175. PRICES: 5c per tree more than prices at top of page 6.**

BIG LATE RED

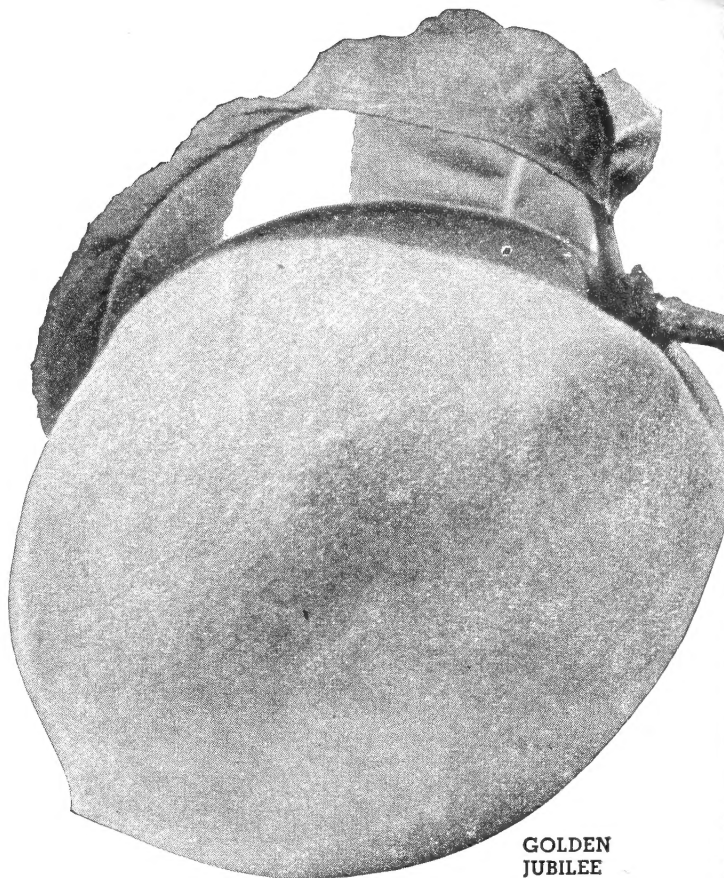

Because this peach ripens so late, and bears such large, brightly colored fruit, it always sells at fancy prices. Richly flavored, firm and fine in quality. A golden peach with deep red blush, and attractive round shape. Freestone and self-pollenizing. **PRICED AT TOP OF PAGE 6.**

GOLDEN JUBILEE

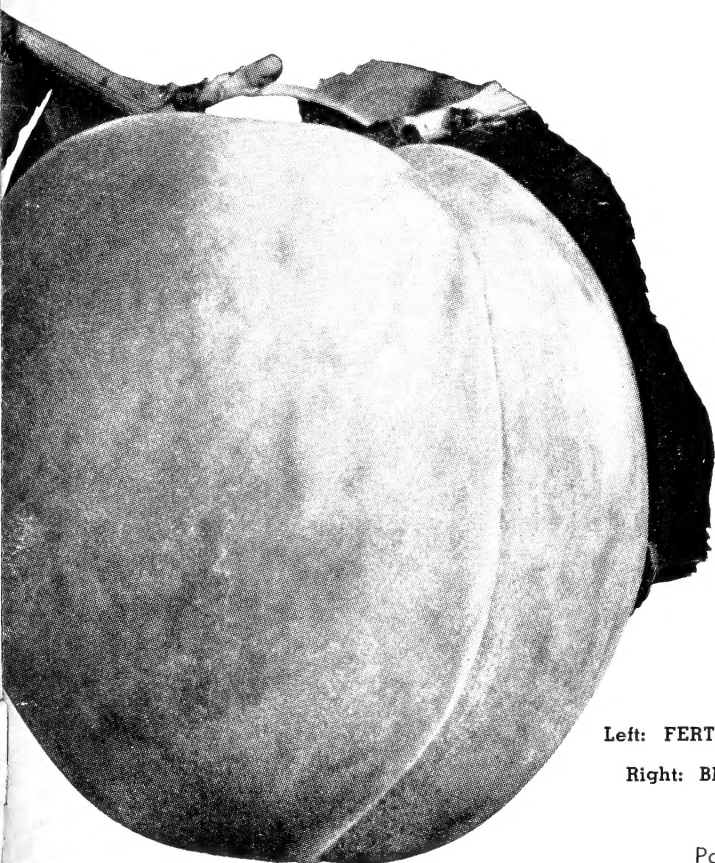

One of the biggest paying, heaviest-yielding shipping peaches. Somewhat unique with its oblong shape, it colors to bright orange, deeply blushed carmine-red. Flavor a real treat! Ripens extra early. Freestone, an excellent pollinizer. Hardy wherever peaches are grown. **PRICED AT TOP OF PAGE 6.**

AUGBERTA

A real jewel! Ripens a week after Elberta. Big, round, golden orange all over. Sells readily at high prices! Supremely rich in flavor, both fresh and canned. A good producer of first-quality fruit. Freestone and self-pollenizing. Must be grown to be appreciated! **PRICES AT TOP OF PAGE 6.**

SOLID RED DELICIOUS

King of all apples! Biggest seller throughout the country. Fruit is large, uniform in size, richly flavored. Colors bright red on the tree before ripe. Can be marketed while firm and solid. A truly excellent shipping, dessert and storage apple. **PRICED ON NEXT PAGE.**

SOLID RED JONATHAN

So richly flavored, whether eaten fresh, dried, cooked, baked! Skin is rich red all over, long before ripe. A quick seller. Keeps all winter in storage. Jonathan trees bear young and always produce a full and profitable crop. Preferred long-distance shipper. **PRICED ON NEXT PAGE.**

HARALSON

This comparatively new apple originated in Minnesota. No matter how cold your winters are, Haralson will come through! Big, bright-red-all-over, very attractive shape. Bears tremendous crops. Fruit is marvelously firm in quality, standing both shipping and storage for winter. Crisp, white flesh. Fragrant and juicy. Dependable winter variety. Bears young. Suitable for drying, baking, pie-making and dessert purposes. **PRICED ON NEXT PAGE.**

ANOKA

The speediest bearer in the apple family! Often starts fruiting the year after planted. Red and green striped, sub-acid, eating and cooking type. Crisp, white flesh. Ripens in late summer, bearing an enormous crop every year. Anoka will stand the coldest climates and most adverse weather conditions. Adapted to most any soil. Pollenizes other varieties. **PRICED ON NEXT PAGE.**

TURLEY RED WINESAP

Solid red all over. Turley is an extra-large, attractively shaped apple. Highly profitable for large-scale growing as a winter dessert, shipping, storing sort. Wonderful keeper. Flesh is firm, white, crisp, and aromatic. Equally desirable to eat fresh or cooked, good for drying. Trees are hardy and regular producers. **PRICED ABOVE.**

GOLDEN DELICIOUS

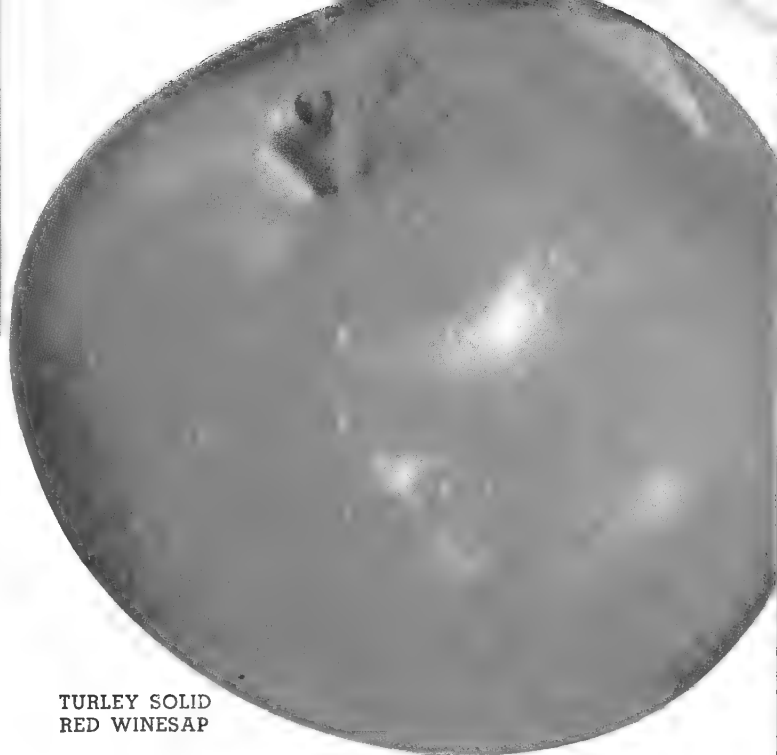

Truly the Queen of Eating Apples! Mild, juicy, sweet, crisp, white flesh. Skin is beautiful waxy yellow, often blushed pink on cheek. Richly fragrant. Trees bear young and abundantly. Large-fruited strain. **PRICED ABOVE.**

SOLID RED SPY

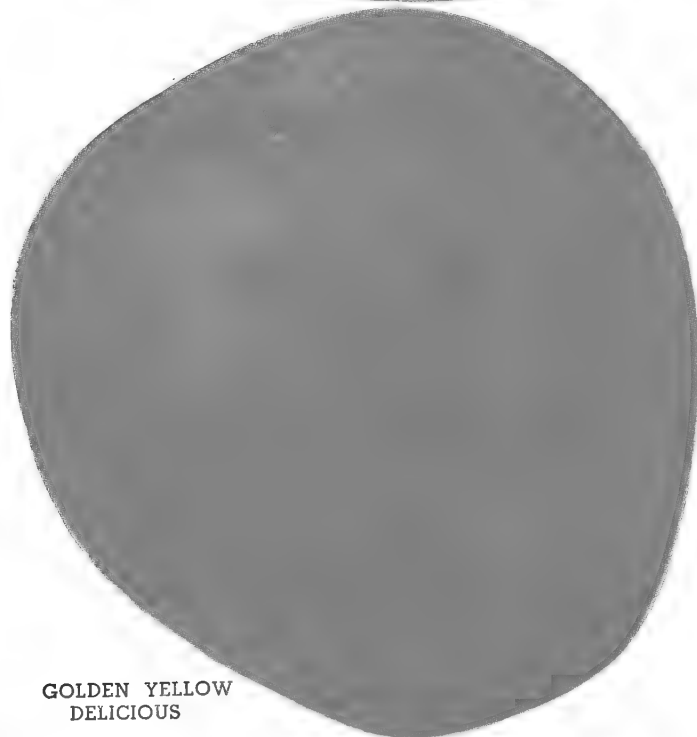

The old dependable Northern Spy, now dressed up in a bright red-all-over gown! Finer flavor, but same wonderful quality. Large fruit, firm white flesh and hard-to-bruise skin. Favored for drying, baking, canning, pies, storage, shipping. Trees stand northern climates. **PRICED ABOVE.**

SOLID RED ROME

One of the best selling, biggest paying winter storage apples! Grown throughout the country. Extra-large, well-rounded fruit of beautiful appearance. New red-all-over strain. Fine, firm, sweet flesh. Fancy dessert and cooking type. **PRICED ABOVE.**

Fine Flavored McIntosh

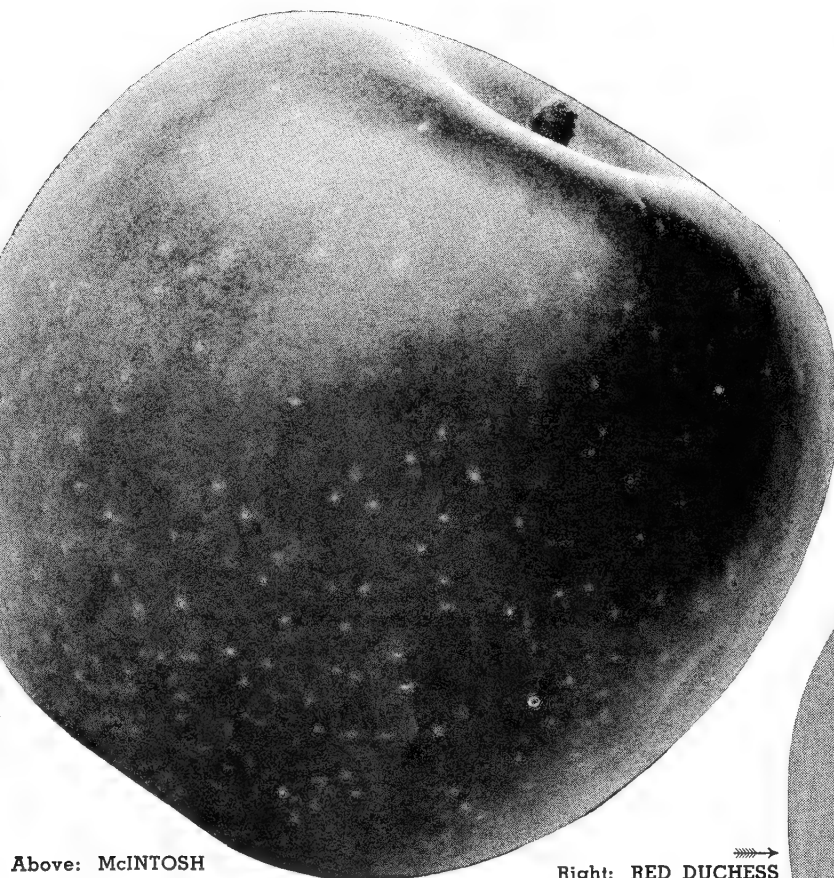

One of the finest dessert apples on the market. Eaten and enjoyed by everyone. Bright red, glossy skin. Very juicy, aromatic, white, tender flesh, with a flavor all its own! Wonderful quality for market, and a big seller. Trees are hardy and dependable bearers. Emlong's strain is extra large and extra bright colored! **PRICED AT LEFT.**

Fancy GRIMES GOLDEN

For many years Grimes Golden has been a dependable money-maker for orchardists. These large, waxy yellow apples have very firm, fine flesh. Especially favored for **drying, storing, canning, baking, cooking**, but also good to eat fresh. Wonderful shipper. Trees are hardy and prolific producers. **PRICED AT LEFT.**

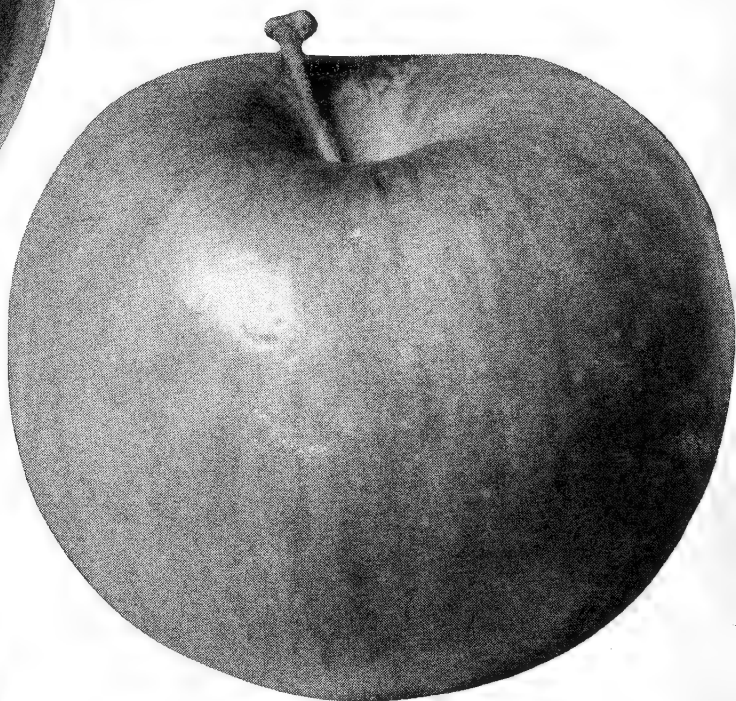

Solid Red DUCHESS

Everyone likes Duchess Apples, because they ripen so early in the summer, leading the market. But the new **all-red Duchess** is especially beautiful and flavorful. Improved quality and size. Still retains its superior **hardiness and excellent pollenizing ability**. A tremendous cropper under all conditions. **Bears quickly**. Wonderful cooking sort. **PRICED AT LEFT ABOVE.**

New Early **BEACON**

This is the apple which is making news among northern growers. Beacon is bright, flashing red **all over**, and beautiful to behold! **RIPENS EARLY FALL but has the QUALITY OF A WINTER APPLE.** Keeps wonderfully well, marvelous shipper. Flavor is sweet and zesty. Good to eat fresh or cooked. Originated in Minnesota, Beacon can stand coldest winters and always bear a full crop. **SEE PRICES AT TOP OF PAGE 10.**

Big, Crisp **CORTLAND**

Mammoth, round, fall apple which has won fame for its **quick bearing and heavy yielding** habit. Belongs to the McIntosh family. Hardy everywhere, and an excellent pollinizer for other varieties. Flesh is white, crisp, tender, very flavorful to eat either fresh or cooked. Makes dandy pies and good to bake. Skin of Cortland apple is dark red, with beautiful purplish pink bloom. **SEE PRICES OF TREES AT TOP OF PAGE 10.**

Pollenizer **WEALTHY**

The big red-and-green striped apple which is so fragrant and flavorful in early fall. An acid type, with tender white flesh which cooks wonderfully well. Makes delicious sauce, pies, jelly, cider, etc. Wealthy trees are **hardy everywhere** and are planted in every orchard to pollinize other varieties. Thrifty growers, prolific yielders. **SEE PRICES OF TREES ON PAGE 10.**

3 *Juicy • Scarlet • Sweet* **\$2** **CRAB APPLES**

HARDY APRICOTS
As Low as \$1³⁵

MOORPARK—Standard Freestone

This is the big, juicy, full-flavored apricot demanded for canning and drying throughout the country. One of our finest dessert varieties. Moorpark fruit ripens to deep orange colors, both in flesh and skin. Perfectly freestone. Can be canned whole with skins retained if desired. Fuzzless. Wonderful quality. Trees grow a little larger than peach trees and are equally as hardy, thrifty and prolific. Not a novelty but a PRACTICAL FRUIT. Plant two or more for pollenization. (SUPPLY LIMITED—Order early.) PRICES: 2 to 3 ft. trees, \$1.35 each; 5 for \$5.00. 3 to 4 ft. trees, \$1.65 each; 5 for \$7.00. 4 to 5 ft. trees, \$2.00 each; 5 for \$9.00.

HARDY MANCHU—Self Pollenizing

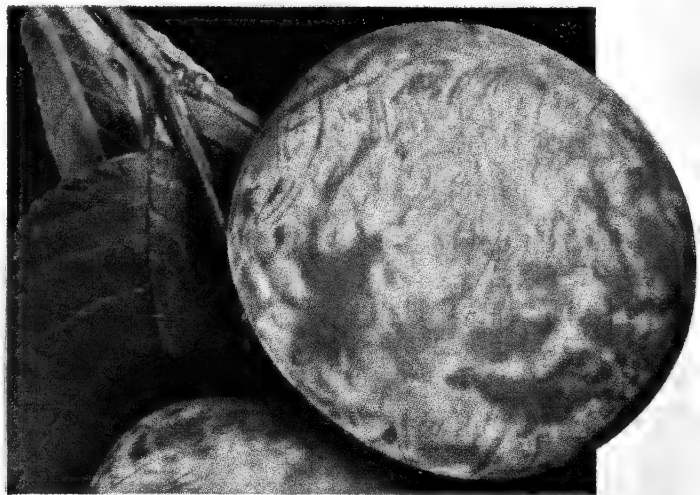

This is the apricot that is hardy way up in the Dakotas! Trees bear a full crop of delicious, large fruit of golden yellow color, often blushed orange. Sweet, flavorful, smooth-skinned fruit to eat fresh, dried or canned. Can with skin and pits retained if desired. **Trees are self-pollenizing.** A vitamin-filled fruit which everyone can eat. Freestone. (SUPPLY VERY LIMITED—ORDER EARLY). 2 to 3 ft. trees, \$1.95 each; 3 to 4 ft. trees, \$2.50 each; 4 to 5 ft., trees, \$2.95 each.

Beautiful Hardy APRICOTS

Emlong's New Sweet
RED GIANT PLUM

The most beautiful plum in the world! Roundish oblong in shape, it measures 2½ to 3 inches long, and over 2 inches wide. Fruit is borne in clusters of seven to twelve, on the ends of branches. Ripens evenly, to a deep glowing maroon-red, overspread with glowing pink bloom. Flesh is greenish yellow, very firm, fine textured. Flavor excitingly rich and tempting. Requires but little sugar for canning. Holds its shape when canned. A firm market variety, and big money-maker. (Grown and sold only by Emlong's. Propagation rights reserved.) WELL-BRANCHED TREES: 2 to 3 ft., \$1.50 each; 3 to 3½ ft., \$1.95 each; 3½ to 4½ ft., \$2.50 each; 4 to 6 ft., \$2.95 each.

Popular **GREEN GAGE PLUM**

The extra-large, roundish plum with that sweet tart flavor! Flesh is green and fine, juicy. Holds its shape perfectly when canned. Marvelous shipper. Trees hardy, bear young and heavily. Demanded by canners! PRICES: 2 to 3 ft. trees, \$1.35 each; 3 to 3½ ft. trees, \$1.50 each; 3½ to 4½ ft. trees, \$1.75 each; 4½ to 6 ft. trees, \$1.95 each.

PLUM

EUREKA • *Red Nectar Fruit*

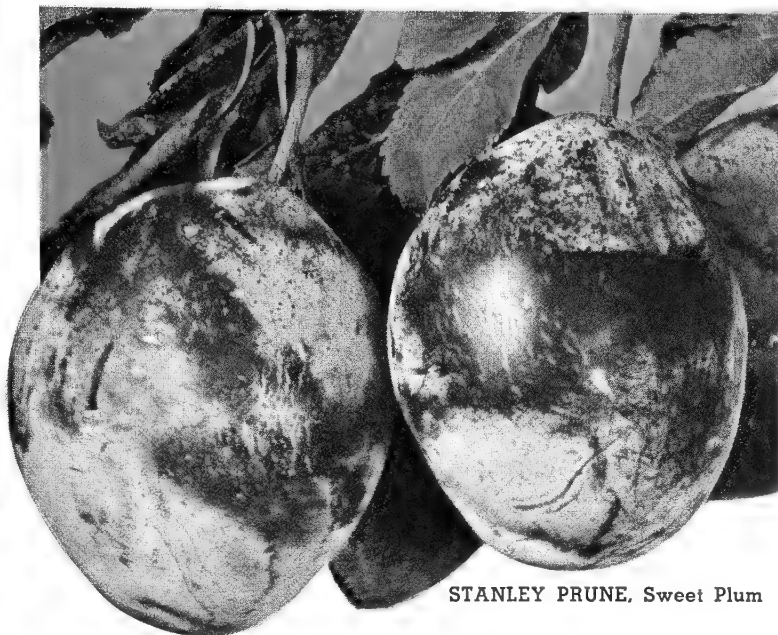

The sensational plum which tastes like a combination of plum, peach and apricot! Good to eat in the golden stage, when half ripe. Also in the maroon-red stage when full ripe. Can them either way, whole or in halves. Produces mammoth size fruit in enormous quantities. Trees are very hardy, never miss a crop, and **usually bear second year!** Keep the trees severely pruned and fruit thinned. Eureka fruit takes prizes at fairs and fruit shows every year. (Grown and sold only by Emlong's. Propagation rights reserved.)

EMLONG'S *Hardy* NUT TREES

An Investment in Food and Ornamental Value

HAZELNUT . *Filbert* Special \$1.00 each

(*Corylus Americana*)

Delicious nuts, the size illustrated at the right, with tender, sweet, round kernels. Shells are soft and easily removed. Very nutritious to replace meat in the diet. Bushes grow as a shrub, with wide leaves which color bronze in autumn. Thrive in any good well-drained soil. Hardy everywhere in North America. 2 to 3 ft. bushes: \$1.00 each; 3 for \$2.85. Mailable.

Hardy BLACK WALNUT 2 to 3 Ft. Trees, Only 89c

Most desirable as a shade tree, but also valued for its delicious and nutritious nuts. The nuts are large, with white kernels, useful in many fresh desserts and confections. Black walnut trees are hardy anywhere in North America, and thrive in sunny, well-drained soil. Grow 150 feet tall in rich soil. Make round, shapely heads, with swaying fronds of graceful pinnate leaves. Quick grower, long lived. Often grown for its valuable timber. SPECIAL PRICES: 2 to 3 ft. trees, 89c each; 3 for \$2.50. 3 to 4 ft. trees, \$1.19 each. Mailable.

The Delicious BUTTERNUT Now Only \$1.25

Long, narrow kernels, tender and white, very much sought for eating fresh, and to use in baked goods, desserts and confections. A prolific crop is borne each year on very hardy trees of the Walnut family. Attractive foliage and spreading head. Makes a desirable shade tree. Bears young. Stands moist soil. 2 to 3 ft. trees, \$1.25. 3 to 4 ft., \$1.65.

Grafted PECAN TREES

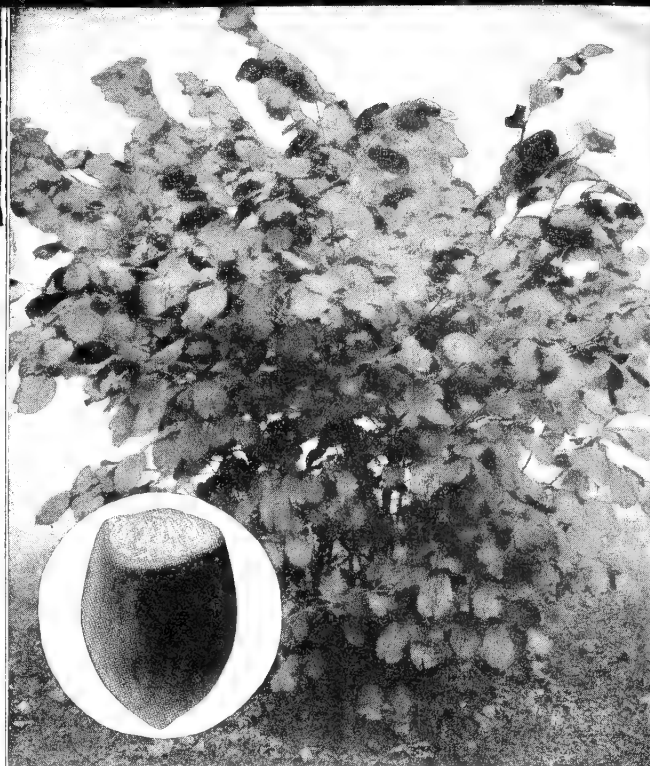

These beautiful shade trees seem to be hardy as far north as lower Michigan. Make well-shaped heads which develop quite rapidly. The grafted trees are far superior to cheaper seedlings often offered by nurserymen. They bear large, thin-shelled, delicious nuts. Pecans are valued to eat fresh, roasted, in desserts and baked goods. A very profitable crop. 4 to 5 ft. branched trees, \$2.45 each. By Express.

American CHESTNUTS

When planted on rich, well-drained soil, American Chestnut trees bear very young. The nuts of this variety have richer flavor than others. Attractive, fragrant flowers and lovely leaves make it a desirable lawn tree. Supply of trees is limited, but while they last you may purchase fine 4 to 5 ft. size at \$1.95 each. By Express.

Chinese CHESTNUTS

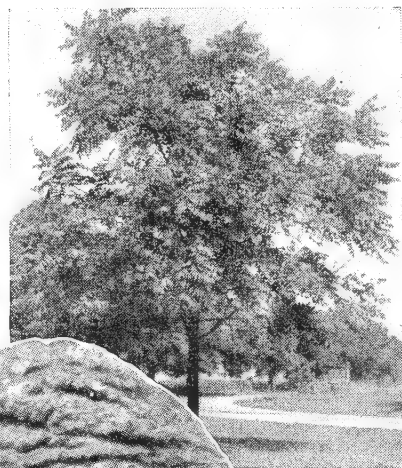

Wonderful new strain. Proven highly blight-resistant in this country. Hardy, prolific bearer. Fine flavored, sweet nuts, larger than American variety. Tree grows about size of an apple tree. Bear young. Long-lived trees. SEEDLINGS, 3 ft. up, \$2.45 each; 5 ft. up, \$3.45 each. By Express.

HAZELNUT (Filbert)—Bush and Fruit

MAKE MONEY FROM NUTS

From just one nut tree, costing only a dollar or two, you can pick enough nuts each year to pay for a whole nut grove! With nuts selling at \$1.80 per pound shelled, why not get a good grove started this year!

CAMPA
WINTER PEAR

Seedless PEAR

For Eating Delight!

Fully as large as the largest Bartlett, and equally colorful and flavorful! Sweet, fine-textured flesh, firm and dependable for storage and shipping. Excellent canning pear. Ripens about 10 days after Bartlett.

Seedless Pear is practically seedless and coreless. Can be canned whole. You save the third of the pear which is usually wasted! Trees are hardy, thrifty growers, bear young and heavily. **Usually start bearing when three years old.** (Pat. Pending.) (Emlong's are licensed growers.)

ASPARAGUS

Easy to Grow—and So Good for You
ONE PLANTING LASTS MANY YEARS

When you plant Asparagus it pays to get the best, for one planting lasts many years, with proper care. Emlong-grown roots are grown on light, fertile, well-drained upland soil. They are big-caliper roots—bright colored and solid all way through. We have grown them for years, and know how to serve you in a 100% satisfactory way. We use only the most costly pedigreed seed, to insure you of receiving the finest strain of tips on the market.

PLANT ASPARAGUS CROWNS IN THE SPRING DURING MARCH, APRIL, MAY

Complete cultural directions upon request. Home canning instructions upon request. Asparagus is easy to grow. **A sure crop, highly profitable.** Important in your menu the year around.

Washington

25 Roots \$1.25

Introduced by the U. S. Dept. of Agriculture a few years ago. Has been the main-crop Asparagus variety for home, market, and canning. Produces large, tender, green tips. Famous for its mild, rich, full flavor.

A few roots produce many tips. Plant them 12 inches apart in the garden. In the field, the rows can be 4 feet apart. 5000 roots will plant an acre.

PRICES—Washington Roots

	25	50	100	250	1000

2-yr.	1.65	2.50	3.95	6.95	22.50

(Up to 100 roots mailable.)

Paradise

25 Roots \$1.35

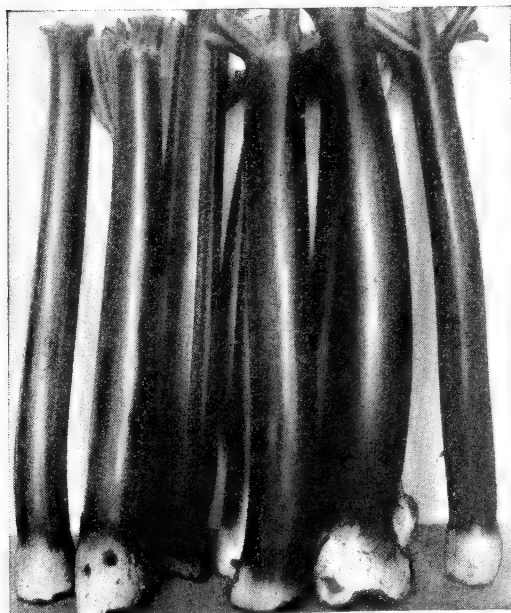

New giant strain of Asparagus originated in California. Makes long, thick, very tender green stalks which grow quickly. Mild and pleasant in flavor. Retains its normal flavor and color after freezing for the fresh vegetable market. Also delicious canned.

Bears a full year sooner than other varieties! Six stalks average a pound. Highly profitable. Plant same as Washington variety.

PRICES—Paradise Roots

NEW Red All-Way Thru RUBY RHUBARB

Ruby really puts Rhubarb in the class with our finest and most delicious fruits! Stalks 3 feet long, dozens to a clump! Each clump a very profitable investment and money-maker. Bears a long time. Grown from strong divisions, will not "go to seed." Ruby stalks need not be peeled. **They are tender, sweet, and red all way through.** Require but little sugar. Delicious for pies, sauce, jam, juice. Can them for year round use. A planting lasts many years. Ruby is **perfectly hardy**—originated in Canada. Thrifty and easy to grow. Every garden needs a few clumps!

PRICE: STRONG DIVISIONS (ready to bear), 79c each; 3 for \$2.00; 10 for \$6.50. **Mailable.**

HORSERADISH ROOTS

Famous Maliner Kren variety. Easy to grow in the garden or field. Useful condiment for meat, fish, salads. Plant 12 inches apart in spring. Dig roots in fall. **WHOLE ROOTS, 3 for 75c; 12 for \$2.40. Mailable.**

Emlong's Montmorency
Large Strain Cherries

World's Favorite Cherry for Pie and Cider **Montmorency**

EMLONG'S LARGE STRAIN

Unquestionably the only profitable and thoroughly satisfactory **Sour Cherry** to grow, regardless of where you live. Preferred by canners and pie makers everywhere. Deliciously sub-acid, it is good to eat right off the tree, made into pies, or canned. Makes wonderful cider, recognized as a modern health drink.

Montmorency fruit ripens midseason to late. Has remarkable keeping quality, on the tree and after picked. Always a big yield of "A"-GRADE fruit. Plant half Montmorency and half assorted sweet cherries for a well-balanced orchard. Set the trees 25 feet apart. 64 trees plant an acre.

Emlong's strain of Montmorency bears very young—often the second year. Buds are specially selected from finest state-inspected trees here in the fruit belt. **BUY DIRECT FROM THE GROWER—PLANT THIS SPRING.**

LOGAN—*Early*

This extra-fine early-ripening Blackcap should be grown for market purposes, along with Cumberland and Major. It lengthens the fruiting season and adds to Blackcap profits. Berries are round, large, glistening black. Juicy and sweet, but of excellent shipping and canning quality. Plants are thrifty growers, hardy, and resistant to drought. Set plants $3\frac{1}{2}$ by 7 feet apart. Plant in March, April, May. Need no support. **ASK FOR SPECIAL PLANTING DIRECTIONS FREE. PRICES ABOVE.**

CUMBERLAND—*Late*

Still the leading late Blackcap. Establishes the quality standard by which others are judged. Starts to ripen midseason and bears through the late season, producing a tremendously profitable crop. Desirable for home use, or market, to eat fresh, canned, in juice, jelly, jam. Berries are large, round, black, firm, and "oozing" with flavor. Plants self-supporting and thrifty growers. Set them $3\frac{1}{2}$ by 7 feet apart. Non-suckering. Plant only in **March, April, May. ASK FOR FREE SPECIAL PLANTING DIRECTIONS. PRICES ABOVE.**

CUMBERLAND BLACKCAPS

Juicy, Glistening BLACKBERRIES

10 SELECTED PLANTS, \$1.50

Favorite ALFRED EARLY. Most popular and profitable blackberry ever grown. Starts ripening early, but bears through the late blackberry season. Produces an enormous crop of first-quality fruit. Equally fine for home use, canning and market. Mammoth berries, many $1\frac{1}{2}$ to 2 inches long. Glistening black. Almost seedless and coreless. Stands 30 below zero. Blackberries make delicious and healthful juice, jam, jelly, preserves.

ALFRED BLACKBERRIES

LATHAM Raspberry

10 Selected Bushes \$1.95

Long recognized as the leading Red Raspberry in every part of the country! Latham produces immense berries. Every berry is round, plump, juicy, free from seediness and full of delicious flavor. Often measure $\frac{3}{4}$ inch across! Deep glowing red in color, they do not fade. Retain their rich color and flavor when canned. Marvelous keeping quality makes Latham a favored shipping and freezing variety. Starts ripening midseason and continues a long time. Often bears a "surprise" crop in the fall, on the new growth. Set Latham plants 3 by 6 feet apart. Grow in hills, or in the hedge-row system. **Free cultural directions upon request.** Plant in spring during March, April, May.

Twice-a-Year Raspberry!

Truly a **DOUBLE PROFIT** and **DOUBLE SATISFACTION** Red Raspberry! Bears a big crop in early June, then another in the fall. Every berry a mammoth, long, deep red beauty! Unique thimble-shape makes it a good seller. Richly different in flavor. A tremendous yield of excellent quality fruit, at both seasons. Plants are hardy, thrifty growers. Set them 3 by 6 feet apart. Bushes are self-supporting. Grow in hills or hedge-row system. Plant in March, April, May. **Free planting directions upon request.**

SUNRISE

New Earliest Raspberry

You who have enjoyed the marvelous flavor of Latham will thrill to the new richness of **SUNRISE**, newest and brightest of the Latham family. Cross between Latham and Ranere. Berries are bright red, of fine texture and have wonderful keeping qualities. **RIPEN ABOUT TWO WEEKS AHEAD OF LATHAM**, but continue to bear through the Latham season. Fruit remains uniformly large in size to the last picking. Equals Latham in size and as fine for canning and shipping. Bushes are supremely hardy and resistant to diseases. Tested six years. Introduced by N. J. Expt. Station. We recommend Sunrise for both home use and general market purposes. **SUPPLY LIMITED—ORDER QUICKLY.**

PRICES: SUNRISE PLANTS, 2-yr. size, 50c each; 5 for \$2.25; 10 for \$3.95; 20 for \$6.50.

New Red Lake Currants

SUNRISE Raspberry

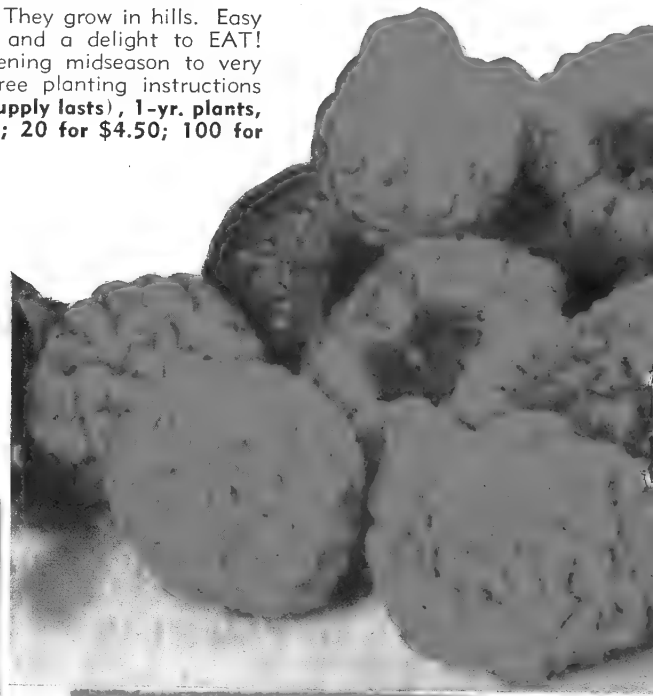

Emlong's NEW Monstrous "Black-Honey" Berry

(Note: **ORDER TODAY—Only a few plants to offer this year.**)

Needless to say, you have NEVER tasted a blackcap anywhere near as good as "Black Honey"! There never was such a berry before! Monstrous, round, lumps of glistening black, just "oozing" with rich, sweet juice! Berries often measure an inch across, and stay large through the last picking. Loads of big clusters supported by stiff, upright canes. Darker color, firmer quality than Cumberland.

Black Honey plants do not sucker. They grow in hills. Easy to grow, easy to pick, easy to sell, and a delight to EAT! Hardy, regular, and full cropper, ripening midseason to very late. **PLANT ONLY IN SPRING.** Free planting instructions on request. **PRICES: (While limited supply lasts), 1-yr. plants, 50c each; 5 for \$1.95; 10 for \$3.50; 20 for \$4.50; 100 for \$14.95.**

New Black-Honey Berry

New

An extra-early, bright scarlet-red raspberry you'll enjoy growing for your fancy desserts. **Scarlet June** berries are immense, and full-flavored. "Sweet as honey." Equally delicious served fresh or canned. Make tasty red jelly. Bushes are erect growers, hardy, and produce an enormous crop.

PRICES: Scarlet June plants, 1-yr, Selected, 50c each; 5 for \$2.25; 10 for \$3.95; 20 for \$6.50; 100 for \$14.95.

NEW FRUITS

PROFITABLE for Market

New Giant Cultivated BLUEBERRIES

You can grow these giant-size Blueberries right in your own garden now! Mix a little peat moss with the soil to keep it acid. Plant them in the garden, or shrub border. Waxy green leaves turn red in autumn. Berries grow $\frac{1}{2}$ to $\frac{3}{4}$ inch in diameter, produced in huge clusters. Enormous croppers! Fresh fruit several weeks every summer, and plenty to can—from just a few bushes! Sweet and mild in flavor, everyone can eat Blueberries. Very profitable commercial crop. Blossoms in clusters like Lilies-of-the-Valley. Set bushes 5 to 7 feet apart. Plant two or more for pollenization. Usually start bearing third year. **VARIETIES: JERSEY, RANCOCAS, RUBEL, HARDING.** (Let us select those suitable for your locality.)

Bigger • Sweeter • Better

RED LAKE CURRANTS

Here is the big, glossy-red, fine-flavored **HARDY** currant which is proving such a winner everywhere. Better quality, larger fruit, larger bunches, sweeter flavor, and bigger yield make it worth more than all other varieties. Red Lake fruit is pleasantly acid—a lively tonic in the diet. Ideal for jam, jelly, etc., because of high pectin content. Bushes are vigorous, upright growers. **PRICES: 1-yr. No. 1 bushes, 45c each; 5 for \$1.95; 10 for \$3.50; 20 for \$5.95; 100 for \$17.95.**

IMPORTANT! We ship Currant plants only to Michigan, Illinois, Indiana, Kansas, Missouri, Iowa, Nebraska, Oklahoma, North Dakota, South Dakota, Kentucky, Texas, and Colorado.

New Scarlet June
RED RASPBERRY

Early Raspberry

every year. Originated in Michigan. The stems are nearly **THORNLESS**, so you can plant these bushes among your shrubs if desired. Very profitable canner and shipper. **LIMITED SUPPLY—ORDER QUICKLY!** Set plants 3 by 6 feet apart. Plant in spring.

★ *New, Aromatic, Delicious* ★

STARBRIGHT *Strawberry*

A cross between Fairfax and Chesapeake, this new medium-early Strawberry has gained favor rapidly. It is an exceptionally beautiful berry, of large size, firm quality, bright red color, and amazingly fresh flavor. You'll prize it above all other midseason sorts for fresh desserts and home canning! Starting to ripen medium-early, Starbright fruits part way through the late berry season, ripening its fruit to full size and bearing a highly profitable crop. A strong grower, with healthy, tough foliage. Self-pollenizing. A delightfully aromatic, deliciously sweet Strawberry. **PLANT THIS SPRING FOR BERRIES NEXT YEAR.** (Supply limited—order plants early.) **PRICES, Postpaid:** 25 plants \$1.95; 50 plants \$3.50; 100 plants \$4.95; 250 plants \$10.95.

New Everbearing Wonder!

MINNESOTA No. 1166

For you folks who live in cold climates, this New Everbearer is tops! It's a real dark red berry, all way-through, and with a flavor that's sweet and pleasingly sub-acid. The fruit is large and amazingly attractive. We recommend it especially for home gardens, but also for fancy market trade.

Minnesota No. 1166 has not been named yet. You set out the plants **THIS SPRING DURING MARCH, APRIL, MAY** and they start **BEARING IN 60 days.** Full crops this fall, next summer, and again next fall—3 good crops in 18 months! Plants are hardy and make a good solid fruiting row. (**VERY LIMITED SUPPLY—ORDER QUICKLY.**) **PRICES, Postpaid:** 25 plants \$2.95; 50 plants \$5.45; 100 plants \$9.85. (No discounts.)

NEW MINNESOTA No. 1166 STRAWBERRY

PREMIER

*World's Greatest
Strawberry*

Still the most popular and biggest-selling Strawberry on the market, throughout the country. Leads all in quality and yield. Premier ripens early, getting the first eager Strawberry dollars. Bears over a long season, producing a tremendous crop every year. Premier berries are bright scarlet-red and do not discolor after picked. Can be trucked long distances. Favored for canning and fancy dessert purposes. Supreme flavor. Self-pollenizing. Plants make a solid fruiting row. **PLANT THIS SPRING FOR BERRIES NEXT YEAR.** Postpaid prices: 25 plants \$1.00; 50 plants \$1.50; 100 plants \$2.50. Also Express Collect, 250 plants \$4.50; 1,000 plants \$11.95.

PREMIER

**EMLONG'S
NEWEST**

KARDINAL KING

(Trade Mark)

This is the wonderfully good strawberry which we introduced to Emlong customers last year. Tested here in Michigan for several years, it has all the good points of the best strawberries.

Kardinal King berries are extra large, roundish pointed lumps of sweetness. Tops for quality! Pretty as a picture, on the vines and in the boxes, they bring fancy prices on the market. A new, tangy richness not found in other strawberries. Solid berry all the way through. Grow them for home use, canning, freezing and shipping.

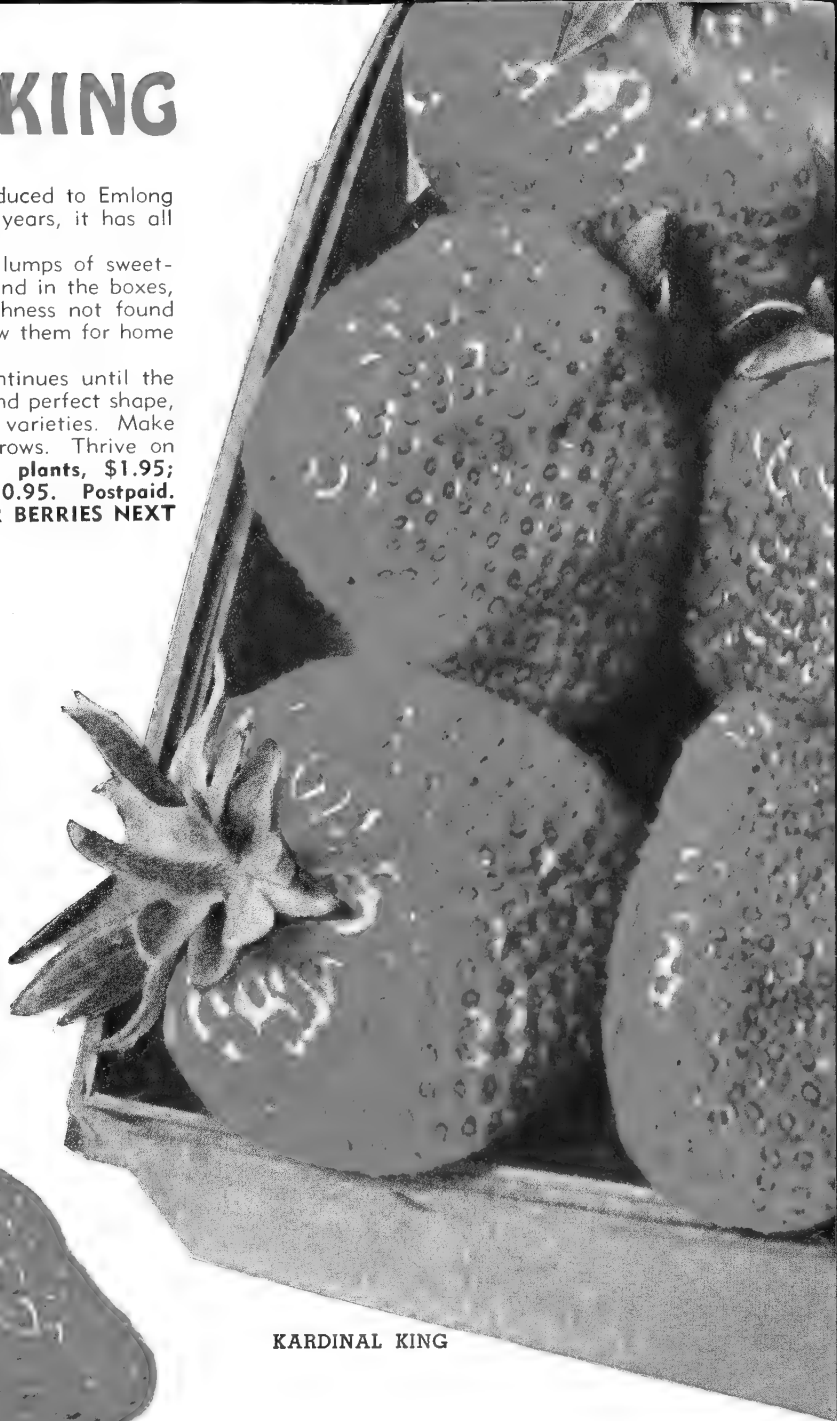

Starting to ripen soon after Premier, Kardinal King continues until the late strawberry season. Every berry matures to large size and perfect shape, right to the last picking! Bring more money than common varieties. Make large plants, with dark green foliage, and wide fruiting rows. Thrive on any good strawberry soil. Self-pollenizing. **PRICES: 25 plants, \$1.95; 50 plants, \$3.50; 100 plants, \$4.95; 250 plants, \$10.95. Postpaid. (Supply limited—order early.) PLANT THIS SPRING FOR BERRIES NEXT YEAR.**

CATSKILL

A real bright red strawberry, inside and outside. Superbly rich fragrance and flavor. You'll enjoy it for fancy desserts, canning or shipping. Catskill ripens **midseason to late**. Berries are extra large, uniformly shaped throughout the ripening season. Self-pollenizing. A favorite for freezing while fresh. **PLANT THIS SPRING FOR BERRIES NEXT YEAR. PRICES: 25 plants, \$1.00; 50 plants, \$1.50; 100 plants, \$2.50, postpaid. 250 plants, \$4.50; 1000 plants, \$11.95, Express collect.**

DUNLAP

Dark red, pointed, medium-sized berries with the richest flavor of any strawberry! Borne in great abundance from midseason to late. A favorite for canning and long distance shipping. Stands drought and cold winters better than other varieties. Self-pollenizing. **PLANT THIS SPRING FOR BERRIES NEXT YEAR. PRICES: 50 plants, \$1.25; 100 plants, \$2.25, postpaid. 250 plants, \$4.50; 1000 plants, \$8.95, Express collect.**

KARDINAL KING

New Sweet Everbearer

GEMZATA

Gemzata is a cross between the famous Scarlet Gem and Sweet Wayzata Everbearing Strawberries. This new Everbearer is even better than either parent, as it has the rich flavor and color of Wayzata, and the prolific fruit and runner-making ability of Gem. Plants set this spring in **March, April, May, start bearing in July or August this year and continue all fall. Bear two crops next year. Self-pollenizing. SUPPLY LIMITED—ORDER EARLY! PRICES: Postpaid, 25 plants, \$1.95; 50 for \$3.50; 100 for \$5.95; 250 for \$12.95.**

SCARLET GEM

Everbearing Strawberry

Everyone can eat Scarlet Gem Strawberries, because they are so mild and sweet! Bright flame-red color makes them sell readily. Thrive on any good, well-drained soil, making wide fruiting rows. They are heavy bearers. Self-pollenizing. **Plants set in March, April, May, will bear this year in July or August until winter. Two crops next year. POSTPAID PRICES: 25 plants, \$1.50; 50 plants, \$2.95; 100 plants, \$3.95. BY EXPRESS COLLECT, 250 plants, \$6.95; 1000 for \$21.50.**

GEMZATA EVERBEARER

Climbing **TALISMAN**

Climbing form of the ever-popular Hybrid Tea Rose. Long, pointed buds, artistic in form. Yellow with jack-frost splashes of red and rose. Blooms through June and occasionally all summer and fall. 2-yr. bushes: \$1.35 each. Mailable.

Paul's Scarlet **CLIMBING ROSE**

SPIREA DWARF NINEBARK—39c

Shrub of Many Beauties!

SPIREA NINEBARK

A dwarf to medium-height shrub of branching habit, which fits most any planting. Leaves are attractively cut, deeply lobed. Fuzzy creamy white flowers come in broad umbels. After flowers are gone, orange calyxes remain to decorate bushes. Unusual, brown corky bark. Very hardy. **YOUR CHOICE OF GREEN LEAF or GOLDEN LEAF NINEBARK.**

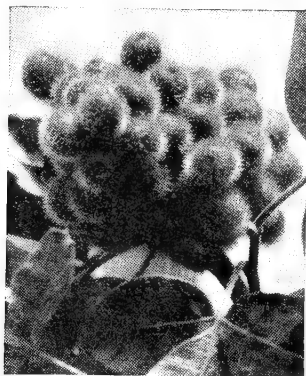

SPECIAL PRICE!

2-Yr. blooming-size bushes: 39c each; 2 for 70c (one of each); 10 for \$3.00 (either variety).

HYDRANGEA, "Hills of Snow" 3 for \$1.50

Famous and useful Hydrangea Arborescens. Grows 3 to 4 feet tall. Wide green corrugated leaves attractive all summer and fall. Large "balls" of white flowers appear in midsummer and remain until fall. Thrives either in shade or sun. Makes an ideal foundation or border shrub. Plant 2 1/2 feet apart. Prune any time after flowers fade. Hardy. Emlong's special well-rooted, blooming-age bushes: 55c each; 3 for \$1.50; 10 for \$4.50. Mailable.

FRAGRANT SUMAC

Fuzzy Gray Catkins! PUSSY WILLOW SHRUB 2 BUSHES 89c

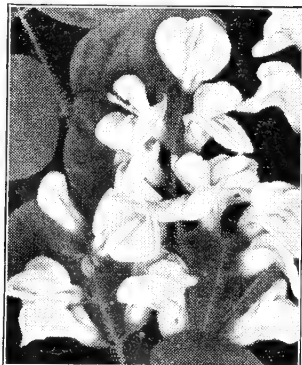

Early in spring, before the leaves appear, these fuzzy gray catkins come to decorate the brown twigs. They expand to great size and turn yellow when they "bloom", taking on new beauties. French type, grows low and shrubby with wide leaves. Very hardy. 2-yr. bushes: 50c each; 2 for 89c. Mailable.

Fragrant SUMAC Shrub

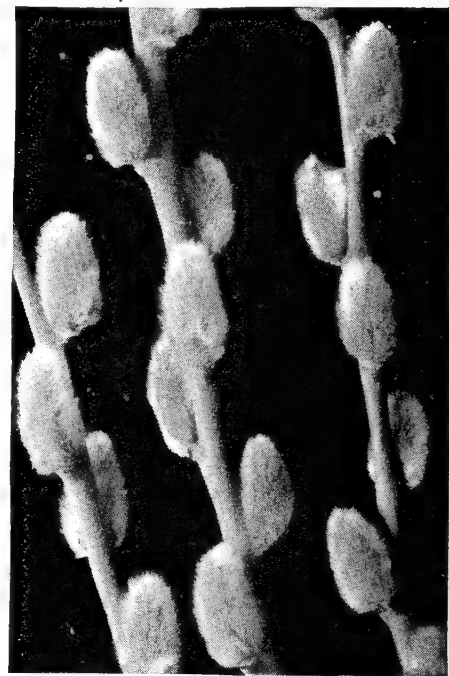

Thrives on poor, dry soils and banks! Low, spreading type shrub, with shining, fragrant 3-part leaves. Short spikes of yellow flowers in spring, followed by bunches of fuzzy red fruits. Unusually decorative. Very hardy. 2-yr. shrubs: 50c each; 3 for \$1.35. Mailable.

ROSE-ACACIA SHRUB

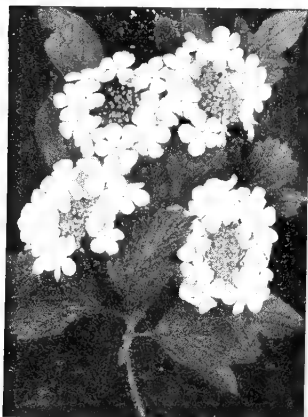

A charming little shrub with fernlike cut leaves of shiny green. Grows low to medium height and makes a fine border shrub. Blooms appear in June and remain nearly all summer. Long clusters of pinkish orchid "Sweet Pea" flowers which make attractive bouquets. Attract bees and butterflies. One of our finer shrubs! 2-yr. blooming-age: 55c each; 3 for \$1.50. Mailable.

ROSE-ACACIA FLOWERS

NEW PUSSY WILLOW CATKINS

Bargain - 45 Foot SHRUB BORDER

G., Spirea Ninebark, Viburnum Americanum, Flowering Quince, Snowberry, Deutzia, Tamarix, Spirea Billardi, Forsythia, Spirea Bridal Wreath, Caragana, Philadelphia Virginiana, Spirea Dwarf Crimson. 2-yr. blooming-age bushes. By Express.

Only
\$5.45

Viburnum—High Bush Cranberry

The beautiful three-lobed leaves of Viburnum Americanum turn gorgeous shades of maroon and bronze in autumn. Clusters of white flowers are followed by large, edible, red fruits. Berries are good for jelly and jam, and also enjoyed by birds. Hardy, medium-height shrub. Trim to desired size. 2-yr. bushes: SPECIAL, 59c each; 3 for \$1.50.

Lovely White Fringe Shrub

(Chionanthus Virginica)
The American White Fringe shrub boasts fluttering panicles of white fringe flowers, often 8 inches long in spring. These are followed by large blue olive fruits. Very unusual and attractive. Trim to desired height. Stands hot sun but likes moisture. 2-yr. shrubs: 55c each; 3 for \$1.50.

HONEYSUCKLE MORROWI

Shrub of Triple Beauties
Special at 10 for \$2.97

Like little dancing brides, these yellow and white flowers flutter all over the shrubs in springtime! Then there are loads of brightest red berries, much sought by birds. Green foliage colors to gay yellow and bronze in autumn, and remains very late in fall. A medium-height shrub, which can be trimmed to desired height and shape. Valuable for specimens, groups, borders, hedges, etc. Useful background screen. Hardy everywhere, and easy to grow. **2-yr. blooming-age bushes: 3 for \$1.00; 10 for \$2.97; 100 for \$25.00.** (More than 10 by Express.)

PINK HONEYSUCKLE

(*Lonicera Tatarica Rosea*)

Multitudes of fluttering pink bell-flowers in spring, and loads of bright red berries in fall and winter to attract your friends, the birds. Heavy coat of green leaves comes early and stays late. Valuable background, corner, hedge, screen variety. **EXTRA LARGE, 3-YR., 2 to 3 FT. BUSHES: 59c each; 2 for \$1.00.**

Winter Flowering WITCH HAZEL

(*Hamamelis*)

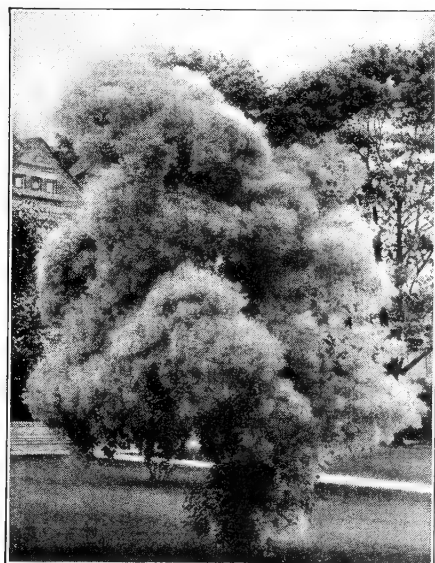

In late fall, when other flowers are gone, these shrubs display their fringelike yellow blooms, bronzy leaves, and brown seed-pods. Make unique bouquets. Seeds sought by birds and squirrels. Grow medium-height. Trim as desired. Extremely hardy, and thrive even in thin sandy soil and lake sand. **2-yr. bushes: 59c each.**

Above: HONEYSUCKLE MORROWI
and Branch of Red Berries at Right

NOTE

Emlong-grown shrubs are all 2-yr. and 3-yr.-old, field-grown, well-branched, well-rooted, blooming-age specimens. Make an immediate showing.

PURPLE FRINGE—Smoke Tree

PURPLE FRINGE

Smoke Tree

(*Rhus Cotinus*)

Clouds of misty purple flowers make this shrub look like a "puff of smoke" when in bloom. Flowers last a long time. Grows 6 to 8 ft. Trim to desired height. (Ours is the hardy variety which can be grown in northern states.) **Large 2-yr. shrubs: 79c each; 2 for \$1.50.**

Sweet Scented PHILADELPHUS

(*Grandiflora Mock Orange*)

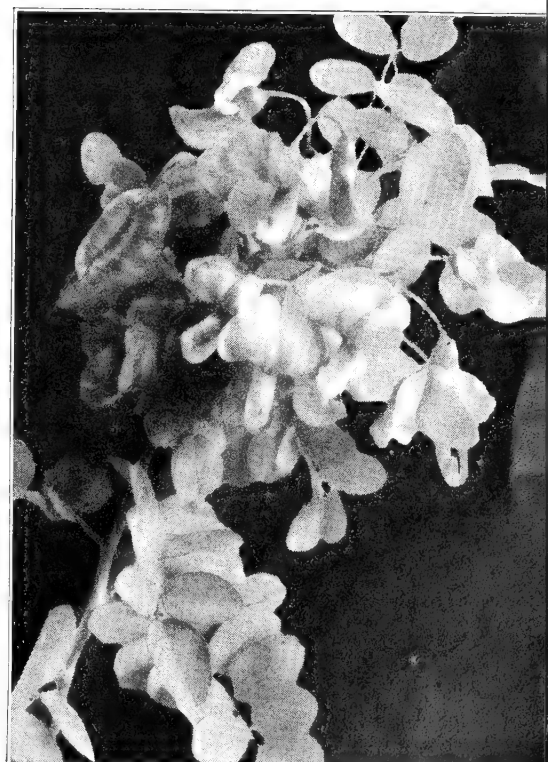

Great big flowers, with glistening waxy white petals. Large tuft of golden stamens in center. Sweetly scented. Glossy green leaves in great abundance. Shapely, easy-to-grow, hardy shrub. Trim to desired height. **2-yr. blooming-age shrubs: 55c each; 3 for \$1.50.**

Living Fences & Screens

HARDY and DEPENDABLE in All CLIMATES

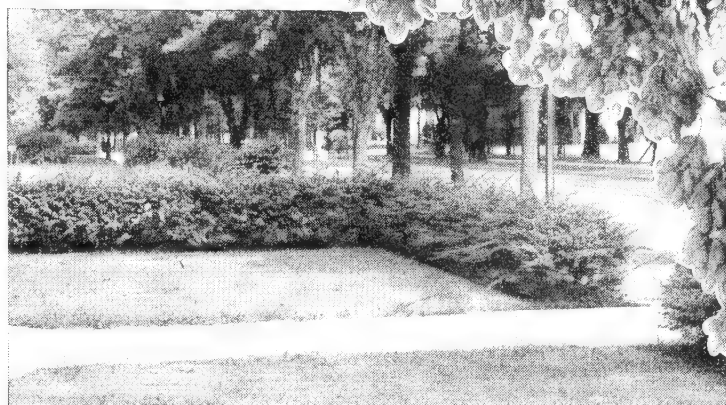

BRIDAL WREATH . 10 for \$1.95

(*Spirea Van Houttei*)

The most useful and popular flowering shrub in the world! In June these bushes look like a graceful fountain of white. Branches bend to the ground with loads of tiny white flowers, borne in thick clusters, all along every stem and branch. Fancy green leaves come early in spring and remain late in fall, coloring gold and russet. Trim to any height or shape, any time during summer months. Plant 2 1/2 to 3 feet apart. Hardy, easy to grow everywhere. Useful for groups, borders, hedges, screens, etc.

PRICES—Well-Branching, Well-Rooted Bushes

	Each	10	20	50	100	500
1 1/2 to 2 ft.	\$0.35	\$1.95	\$3.50	\$5.95	\$10.95	\$45.00
2 to 3 ft.45	2.95	4.95	8.95	16.95	69.50

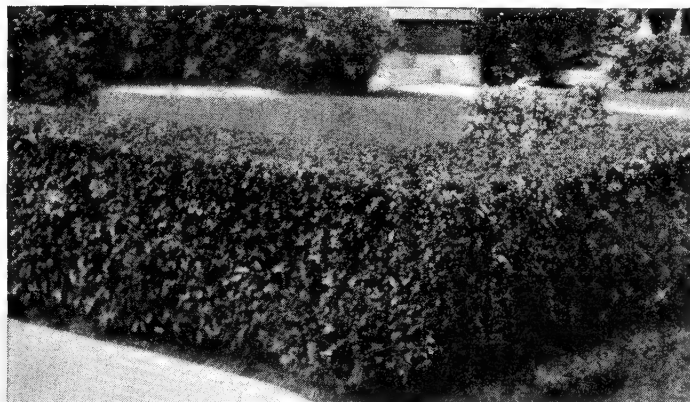

GREEN BARBERRY . 10 for \$1.95

Shrub of many uses! Makes neat, low, bushy hedges which lend charm and distinction to the yard. Dresses up front lawn, makes pleasing borders for walks, drives, etc. Also good for low foundation plantings, and edging taller shrub borders. Plant 18 inches apart. Trim to desired height any time during summer months. Foliage is green in summer, turning blazing red and gold in autumn. Loads of red berries stay all winter. Thrives in all climates and soils, shade or sun.

PRICES—Well-Branching, Well-Rooted Bushes

	Each	10	20	50	100
10 to 15 inch		\$1.95	\$2.95	\$4.50	\$7.95

18 to 24 inch45	3.50	4.95	8.95	16.95

AMOOR PRIVET . 10 for \$1.95

Most popular, low-cost, hardy hedging for the North. Produces an abundance of dark green, glossy leaves on upright branches. Free from insects and diseases! White flowers in clusters, and berries. Set plants 9 to 12 inches apart. Can be clipped any time during summer and kept desired height and shape. Also used unclipped for foundation plantings around tall buildings, and for screens along alleys.

PRICES—Well-Branching, Well-Rooted Bushes

	Each	10	20	50	100	500
1 1/2 to 2 ft.	\$1.95	\$3.50	\$5.95	\$10.95	\$45.00

3 to 4 ft.	3.50	6.00	10.95	19.50		

10-ft. POPLAR WALL . \$2.50

An unusual and beautiful living green screen or wall. Set Lombardy Poplars 1 foot apart and cut the tops off straight like a hedge. Makes a solid wall, through which animals cannot crawl. Branches from the ground up. Keep clipped the desired width each year. Hardy, healthy, easy to grow. Thrives on poorest soils and in smoky city air. Requires almost no care. Makes an ideal wall around play yards, factory grounds, etc. **PRICES:** 3 to 4 ft. **BRANCHED POPLARS**, 10 for \$2.50; 20 for \$4.50; 50 for \$9.85; 100 for \$18.50. (Up to 20 are available, others by Express.) (Also see larger Lombardy Poplars on page 47.)

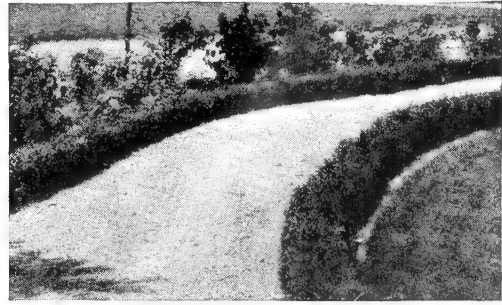

Scarlet QUINCE HEDGE

(*Cydonia Japonica*)

Brilliant scarlet-red flowers in great abundance in May and June adorn these hardy, thrifty bushes. Set them 18 inches apart and keep trimmed in hedge form. Lovely green-bronze-scarlet mottled leaves. **SCARLET QUINCE HEDGING GRADE** (about 12 to 18 inch): 10 for \$3.50; 100 for \$29.50.

Information ABOUT HEDGES

If you do not find just the hedge you desire on this page, read the descriptions of: Tamarix, Honey-suckles, Althea, Dwarf Crimson Spirea, Cranberry Bushes, Red Barberry, Lilacs, Dogwoods, Rose-Acacia, Hydrangea, also Rose Hedges. For Evergreen hedges see Holly and Dwarf Yew (*Taxus Cuspidata*).

IBOTA PRIVET . 10 for \$2.45

Lovely, glossy green leaves from earliest spring to latest fall. Hardy in coldest climates. Resistant to drought, diseases and insect pests. Survives city smoke. Graceful, branchy habit. Clip any time in summer. Plant 8 to 12 inches apart. **PRICES: Well-branched, well-rooted bushes:**
